

# **Investment objective**

HgCapital Trust plc ('HGT') is listed on the London Stock Exchange (HGT.L). The objective of HGT is to provide shareholders with consistent long-term returns in excess of the FTSE All-Share Index by investing predominantly in unquoted companies where value can be created through strategic and operational change.

HGT provides investors with the opportunity to share in the growth of a portfolio of more than thirty investments brought together by Hg. Hg is a long-established and independent partnership that brings together operational and financial management skills. Hg's investments are primarily focused on defensive growth buyouts in software and service businesses with specific business models operating in particular end-market 'clusters' with enterprise values ('EVs') of £50 million to over £5 billion that can perform well across the economic cycle. Hg predominantly seeks controlling buyout investments in Northern European businesses, though such companies will often have a global footprint and customer base.

The Hg team have extensive experience in these sectors and geographies and can apply the firm's knowledge to effect both strategic and operational change, and portfolio experience to help create a collaborative community of businesses with shared experience, to enhance growth.

## Why invest?

Investment in HGT offers investors a liquid investment vehicle through which they can obtain an exposure to Hg's diversified portfolio of private equity investments across multiple vintages primarily in Northern Europe.

Hg's long standing investment in establishing and maintaining deep sector expertise is a key differentiator in the European Private Equity environment which has delivered superior returns over the long-term.

Based on HGT's share price at 30 June 2020 and allowing for all historic dividends being reinvested, an investment of £1,000 twenty years ago would now be worth £13,262, a total return of +1,226%. An equivalent investment in the FTSE All-Share Index would be worth £2.242.
